### Embroidery Upgrade I

Enhance your ability to create beautiful embroidery with the Enterprise Upgrade I. Use Precise Touch Positioning with the NeedleCam Digital Camera to achieve perfect design positioning. When you need to resize, enlarge up to 200% or decrease down to 60% the original design. And the new Color Visualizer shows designs in an array of color options! Two new fonts and 10 new designs are also included!

### Cutwork Upgrade

Quickly and easily create gorgeous cutwork embroidery with your multi-needle machine. User-friendly instructions, tutorial videos, four specialty cutwork needles and 30 designs help you get started. When you're ready for more, this will upgrade your Palette software to version 9.2 to create your own cutwork designs!

## Optional Accessories for the Enterprise

### Palette 9 Embroidery Software Command Center

Combined with the Enterprise, the optional Palette 9 becomes the command center for your embroidery projects and provides the ability to link up to four Baby Lock multi-needle machines. Productivity and large volume projects are now easily handled with this software. Each machine linked through Palette 9 can embroider the same or different designs. Managing production has never been easier!

Additionally, no command center is complete without a Koala Embroidery Studio or a sturdy metal stand.

### Baby Lock Gold Standard Comprehensive Care Program

Focus solely on your business or your art instead of worrying about machine maintenance. The optional Gold Standard Comprehensive Care Program is Baby Lock's promise that allows you to embroider ambitiously with comfort and ease. With the Gold Standard Comprehensive Care Program, you'll find unparalleled service and support for your machine for three years, no matter how many stitches you embroider.

All parts and labor are covered, including tension adjustments and calibration, needle plates and more. You'll receive an owner's instruction course on your machine from your Retailer, as well as exclusive savings on software, accessories and other products.

# Enterprise

FOR THE LOVE OF SEWING

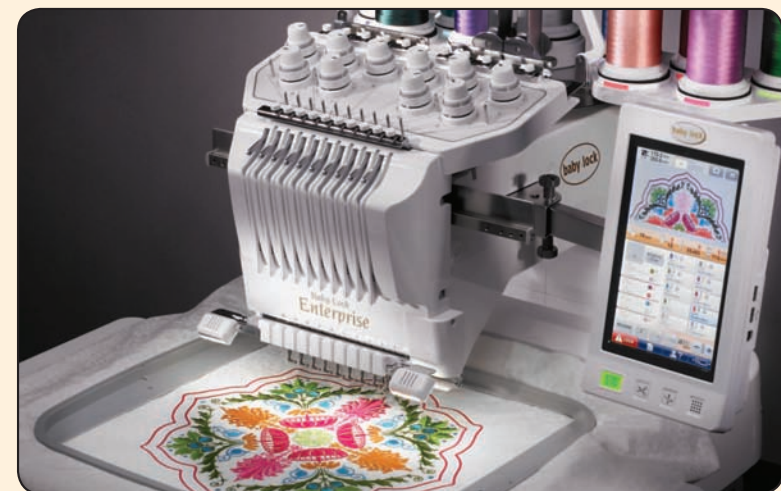

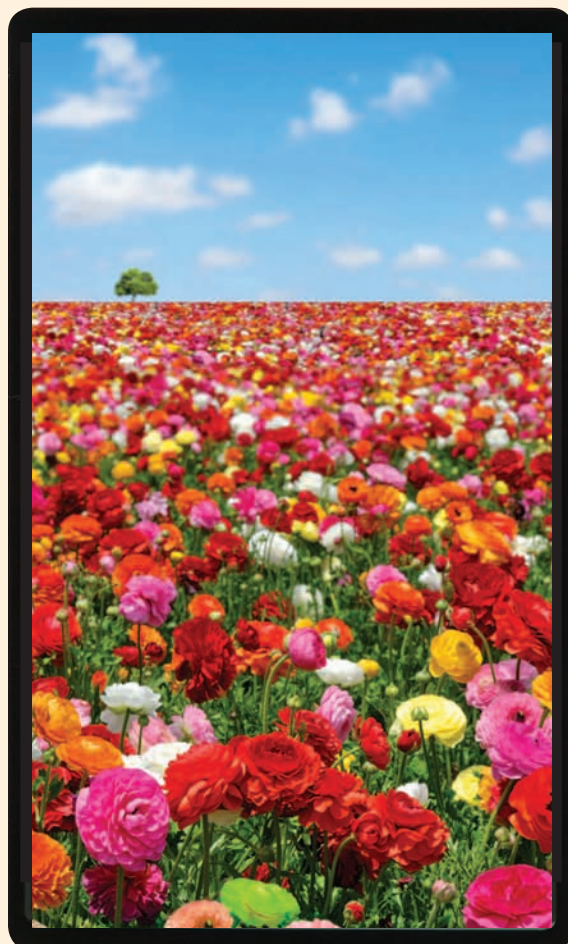

FOR THE LOVE OF SEWING

## Introducing the Enterprise

Embrace your enterprising spirit and get the most out of a multi-needle machine with Baby Lock. With 10 needles and a speed of 1,000 stitches per minute, this machine brings the power of an industrial machine into your home. The Enterprise is great for helping any embroidery business grow, and with the ease of a home embroidery machine, it's perfect for even the most detailed embroidery designs.

For the love of sewing.

### 10 Needles-Minimal Thread Changes

With the Baby Lock Enterprise you get both quantity and quality. 10 needles give you the opportunity to take on more than ever before. Large designs, multiples, and even elegant 10-color designs, like this Medallion design found on the Baby Lock Exclusive Jumbo Design Collection, can be embroidered with minimal set-up or thread changes.

### Edit Designs On Screen

With the Enterprise's editing features, you can combine, reposition, resize, rotate and mirror embroidery designs and watch as the changes instantly appear on the LCD screen. Alter design elements individually, or group them to easily move or edit them collectively. You can also apply on screen edits to any of the 33 built-in fonts.

## Enterprise Key Embroidery Features and Specifications

### Semi-Industrial Features

- 10 Needles - 1 position for each needle
- Maximum embroidery speed 1,000 stitches per minute
- Maximum embroidery fill stitching speed
  - o 1,000 Stitches per minute

- Built-in help messages
- Auto save feature - automatically saves last design when power is turned off or a power failure occurs
- Shipping weight (130 lbs. or 59 kg.)
- Machine weight (92 lbs. or 42 kg.)
- Warranty:
  - 25-year product casing
  - 5-year circuit boards
  - 5-year electrical
  - 2-year parts
  - 1-year labor

## Enterprise Key Features

### NeedleCam™ Digital Camera

The NeedleCam™ Digital Camera lets you see from the needle's point of view, so you know exactly where the needle will drop. Also, you can use the Perfect Positioning stickers included with your Enterprise to place every design with extreme precision.

### 4 Hoops Included

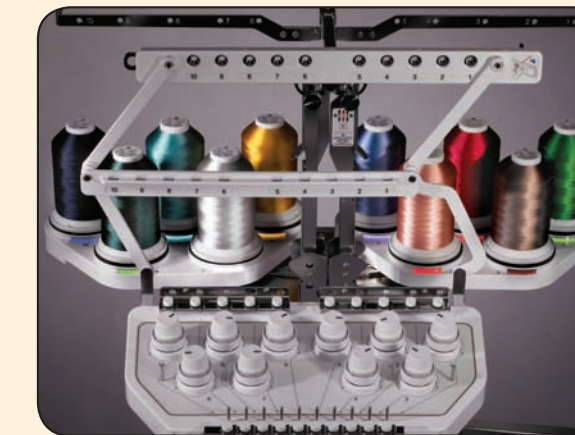

For most embroiderers, owning one hoop will simply not do. To help you get every job done, the Baby Lock Enterprise comes with four embroidery hoops:

- o 7-7/8" x 14" (200mm x 360mm)
- o 5-1/8" x 7-1/8" (130mm x 180mm)
- o 4" x 4" (100mm x 100mm)
- o 1-1/2" x 2-3/8" (40mm x 60mm)

### 3 USB Drives (2 Type A, 1 Type B)

With USB connectivity, you can easily import designs to your machine from a computer or flash drive.

### LED Spool Stand Lights

The Enterprise has many features built-in to help you concentrate on the art of embroidery instead of the mechanics. This machine's 10 LED spool stand lights help keep your thread colors coordinated, and signal when a spool needs to be changed.

### Optional Jumbo Frame

The optional 14" x 14" (360mm x 360mm) hoop is great for jumbo designs on projects such as quilt blocks or jacket backs. To truly get the most out of your jumbo hoop, try the split design function in the optional Palette 9 embroidery software.

### Front-Loading Bobbin System

The convenient bobbin system with a front-loading, vertical hook means you can change bobbins without having to remove your embroidery hoop.
