# Acclaim™

## 4-Thread Serger

Your serging is about to receive a new level of critical Acclaim! The Baby Lock Acclaim features RevolutionAir™ Threading that threads the loopers with just the touch of a button and then threads the needles with the touch of another. You'll also serge tension-free with the Automatic Thread Delivery™ System (ATD) and the exclusive Wave Stitch will expand your creative options even further — making every one of your creations stand out like no other.

# Acclaim

## 4-Thread Serger

### RevolutionAir™ Needle Threading

Engage the RevolutionAir™ threader, push a button and the Acclaim's needles are threaded! Baby Lock's RevolutionAir Threading makes setting up your machine faster and easier than ever.

### RevolutionAir™ Loper Threading

Insert thread into one of the Acclaim's threading ports, push the button and a gust of air quickly pushes it through the patented tubular loopers, exactly where you need it every time. Tangles, knots and breakage are now a thing of the past!

### Full-Featured Single Unit Differential Feed

We've taken the differential feed to a new level by adding a single-unit feed dog mechanism. This ensures stronger feeding as well as consistent gathering on all fabrics.

### 4/3/2 Thread Serging

Finish projects with quality and versatility - easily switch from 4, 3 or 2 thread rolled hemming options.

### Automatic Thread Delivery System

Set the Acclaim to the type of stitch you want and never worry about tension adjustments again. Enjoy perfectly balanced stitches regardless of the type of fabric you're using. And ATD lets you thread your loopers in any order.

### Wider Workspace - 2" to the Right of the Needle

Easily serge larger projects with room to spare. You'll love adding decorative stitching to yards and yards of fabric.

### Advanced Serging Features

- Exclusive Wave Stitch for additional stitch options
- Rolled hemming with 3 threads
- Flatlock stitching with 2 or 3 threads
- Dial adjustable stitch width: 1.5-7.5mm
- Dial adjustable stitch length: 0.75-4mm
